## International broadcasting from Canadian-based stations

### Bible Voice Broadcasting

From the High Adventure Gospel Communication Ministries Canada website: "In 1979 High Adventure began as a ministry dedicated to the installation and operation of a strategic radio station in and for the Middle East. The Voice of Hope enjoyed support from the Christian community across the world as its daily multi language broadcasts reached into hearts and homes in 32 countries from its Medium and Shortwave radio transmitters in South Lebanon. From the beginning, High Adventure Canada enjoyed the help of Canadian individuals to support this strategic radio ministry that eventually grew into a global shortwave radio broadcast system. In 2000, a ministry restructuring process brought about change that led to growth and focus. High Adventure Canada widened its shortwave radio reach, utilizing larger and more strategically located transmitters that expanded its coverage dramatically airing programming under its Bible Voice Broadcast signature. High Adventure also expanded its focus to include indigenous partnerships that added building and supported FM radio in select international city communities. High Adventure FM radio partners now include Middle East, Africa and Indonesia".

# United States of America

## United States Agency for Global Media (USAGM)

USAGM's mandate comes from multiple pieces of legislation. It is accountable to six bipartisan House and Senate committees. As a federal agency, USAGM's budget request is part of the President's Budget request to the Congress. It provides multimedia broadcast distribution, as well as technical and administrative support to the broadcasting networks. It manages a global network of transmitting sites and an extensive system of leased satellite and fibre optic circuits, along with a rapidly growing Internet delivery system servicing all USAGM broadcasters.

It is also the administrative and marketing arm of the Agency. USAGM also oversees five networks: two federal organisations - the Voice of America and the Office of Cuba Broadcasting, which oversees Radio and TV Martí - and three non-profit organisations - Radio Free Europe/Radio Liberty, Radio Free Asia and the Middle East Broadcasting Networks - which receive grants from USAGM.

### Voice of America

Voice of America (VOA) is an American international broadcaster funded by the United States Congress. It is the largest and oldest U.S. funded international broadcaster. VOA is headquartered in Washington, D.C., and overseen by the U.S. Agency for Global Media (USAGM).

Details of WBCQ programming can be found at: <http://wbcq.com/schedule/>

5130 kHz: the following was posted by Alan Pennington to the BDXC-UK IOG on 9 January 2025:

"The Radio Angela transmitter of WBCQ Radio 5130 kHz is back on the air ready for your programming. We have reconditioned the classic Collins transmitter for more power and improved modulation. The transmitter is available now for program bookings. Prime time is 6pm-12midnight eastern time. The transmitter is available on a 24/7 basis. We are offering a discount rate of \$30 an hour with discounts available for four or more hours booked weekly. Now is the time to get your programming on the air to a worldwide audience at a very attractive rate. Book now for the best time slots." (WBCQ website <http://www.wbcq.com/> (undated)

On WBCQ's Facebook: "Hello all, With the new year we are making some changes to our Area 51 service. Effective 4 January 2024 we are moving all of our programming from 6160 kHz to 5130 kHz. In addition to the frequency change, we are reducing our broadcast schedule by two hours. Our new schedule is Saturday and Sunday 7-11PM US eastern time (Sunday and Monday 0000-0400 UTC).

We really dislike having to drop the 11-midnight hours but increased transmission costs and lack of sustaining donations are to blame. If we are able to get more regular contributions we will consider expanding the service in the future. You can donate to us via Paypal at [radio@zappahead.net](mailto:radio@zappahead.net). The Area 51 webcast is available 24 hours a day at <http://splatterbox.us/area51>. Thanks, Lw" (WBCQ The Planet on Facebook, 4 January 2025)

### WEWN - EWTN Global Catholic Network

**Owner:** Eternal Word Television Network

**Transmitter site:** Vandiver, Alabama.

WEWN is the shortwave radio outlet of the EWTN, a large Catholic international broadcaster. It was launched by Mother Angelica on 28 December 1992.

| <b>Time/UTC</b> | <b>Days</b> | <b>Language</b> | <b>kHz</b> | <b>kW</b> | <b>Target area</b>                  | <b>Status</b>     |

**Note:** times and frequencies as per EWTN website at <https://www.ewtn.com/radio>. However, WEWN is currently off-air on both 12050 and 15650 kHz at the current time, as observed by Glenn Hauser as recently as 10 June 2024, so no EWTN presence on shortwave at all now ... (observed by GH, WOR iog); Tony Pavick contacted Glenn Tapley at WEWN/EWTN and received this reply: "We have some major equipment issues. English needed a new tube for the Continental transmitter. It took 8 months to have one made and delivered. It failed, so back to square one. The transmitter carrying Spanish decided to fail. Parts are ordered and hopefully we can be back on soon". (Tony Pavick, Hope BC, Canada, WOR iog, 13 June 2024)

### WINB Shortwave

**Owner:** World International Broadcasters, Inc.

**Transmitter site:** Red Lion, Pennsylvania.

WINB is a brokered Christian shortwave radio station that began broadcasting in October 1962, making it the oldest private shortwave radio station in the United States that is still in operation.

| <b>Time/UTC</b> | <b>Days</b> | <b>Language</b> | <b>kHz</b> | <b>kW</b> | <b>Target area</b>         |

**Note:** The Overcomer Ministry programmes are carried at certain times; some programmes may also be in Spanish; details of WINB programming can be found on their website at <https://www.winb.com/>

### **WJHR Radio International**

**Owner:** Brother Scott Mock (Hill Radio International)

**Transmitter site:** Milton, Florida.

From the website of the True Gospel Independent Baptist Church (<http://mytgibc.com/Missions.php>): "WJHR Radio is a short wave radio station that broadcasts the gospel of Jesus Christ around the world. The station has received letters from Russia, Italy, Germany and South America to just name a few. WJHR broadcasts nothing but preaching 24 hours a day 7 days a week. The station was built and is maintained by Brother Scott Mock who is a faithful member of True Gospel Baptist for many years. If you would like to support or desire more information you can contact Brother Mock through the church or at the radio stations email address: WJHR@usa.com". The shortwave transmitter is registered at 50 kW but likely to be much lower power, probably using amateur radio equipment.

### **WRMI - Radio Miami International**

**Owner:** Radio Miami International, Inc. (Jeff White, co-founder/GM)

**Transmitter site:** Okeechobee, Florida.

WRMI (Radio Miami International) is a commercial radio station that sells airtime to businesses and organisations.

As of 15 December 2024, the WRMI frequency of 9455 remains off air following damage to feeder lines when Hurricane Milton hit Florida on 9 October 2024. WRMI's 7730 kHz frequency has since been carrying programme scheduled for 9455, although its expected to resume its scheduled feed once repairs to the 9455 installation have been completed.

The latest news about WRMI can be found on their Facebook page at <https://www.facebook.com/wrmiradio>

### **WRNO Worldwide**

**Owner:** Robert Mawire Ministries

**Transmitter site:** New Orleans, Louisiana.

WRNO (also known as WRNO Worldwide) is a commercial shortwave radio station which began international broadcasting on 18 February 1982 and continued regular broadcasting through the early 1990s from Metairie, Louisiana, with a continuation of periodic broadcasts starting in 2009. The WRNO call letters are still in use by the New Orleans station WRNO-FM; both were founded and originally owned by Joseph Costello III. Dr Robert Mawire's Facebook page says: "Dr Robert Mawire, Founder and President of WRNO, a Worldwide Global Broadcasting Platform, Gerizim Technologies and Good News World, a humanitarian organization serving 25 countries, author of "Top Secrets Revealed." He is a speaker of extraordinary demand from both governments and private organizations. His work has been featured on many National Television Networks and in newspapers worldwide"

### **WTWW**

**Owner:** Leap of Faith, Inc. (George McClintock, chairman)

**Transmitter site:** Lebanon, Tennessee.

WTWW is officially licensed to Leap of Faith, Inc. Until 2022, WTWW had carried an oldies/classic hits format operated by Ted Randall, who also appeared on several programs on the station, and his wife Holly on the 5085 kHz and 9940 kHz frequencies. WTWW went off-air 10 November 2022, with Randall taking the oldies format to WRMI; the station returned to the air sporadically in December solely carrying Scriptures for America with George McClintock operating the station. However, due to technical issues and George's health, the transmitter has been off-air on occasions.

When on air with two transmitters, the times for each frequency should/could be something like this, but the schedule may vary and be liable to interruptions due to on-going operational problems:

#### **Schedule**

# 1 transmitter 9930 kHz daytime and 5920 kHz at night (1600-0200 on 9930 and 0200-0500 on 5920)

# 2 transmitter 9475 kHz daytime and 5085 kHz at night (2100-0100 on 9475 and 0100-0530 on 5085)

The situation regarding the WTWW transmitters seems to change quite frequently. The best way to keep up to date with matters is to check Glenn Hauser's reports from George McClintock at <http://www.worldofradio.com/Hauserlogs.html>

Further information about WTWW can be found on their website at <https://wtww.org/>

### **WWCR Shortwave**

**Owner:** F.W. Robbert Broadcasting

**Transmitter site:** Nashville, Tennessee.

WWCR is a shortwave radio station located in Nashville, Tennessee. WWCR mainly leases out its three transmitters to religious organisations and speakers, as well as serving as the shortwave home of Genesis Communications Network's programmes. However, it does air a few hours of original programming per week.

### **Adventist World Radio**

Adventist World Radio (AWR) is the "radio mission arm" of the Seventh-day Adventist Church. It utilises AM, FM, shortwave, satellite, podcasting, and the Internet, broadcasting in 77 major language groups of the world with a potential coverage of 80% of the world's population. AWR's headquarters is in Silver Spring, Maryland with studios worldwide.

At the end of the A24 season, AWR discontinued all broadcasts on shortwave from transmitter sites around the world apart from its own station at KSDA Guam (please see the entry for Guam in Pacific on Shortwave for these times and frequencies). However, since the start of the B24 season, AWR has restored some services as follows:

### **Overcomer Ministry (Brother Stair)**

The Overcomer Ministry website explains "From a small farm in the state of South Carolina in the United States of America, Brother Stair trumpets the message of the soon return of the Lord Jesus Christ. It is from his radio room that the Last Day Prophet of God is reaching every nation of the world. One message he has preached faithfully for over forty years and that is ... "Jesus Christ is Coming in your Lifetime. This is the Last Generation, The Last Hour. Prepare to Meet your God!". Ralph Gordon Stair (3 May 1933-3 April 2021), also known as Brother R. G. Stair, or simply Brother Stair, was an American radio evangelist based in Walterboro, South Carolina. Despite his death, the ministry continues to buy airtime on several transmitters to broadcast programmes which include many past recordings of Brother Stair.

The Overcomer Ministry buys airtime on several other shortwave stations, such as WBCQ, WINB, WRMI, WWCR and Spaceline Bulgaria and can also be heard on Channel 292 at certain times - for the "official" schedule, please see <https://overcomerministry.org/radio-schedule/> for further details.

Here is an "unofficial" (but likely more accurate) schedule based on station schedules and with thanks to BDXC-UK's "Broadcasts in English" for B24 edited by Dave Kenny and observations by Alex Miatlikov.

### University Network

William Eugene Scott (14 August 1929-21 February 2005) was an American pastor and teacher who served for almost 50 years as an ordained minister and broadcaster in Los Angeles, California. In 1975, Scott began a series of broadcasts which resulted in the creation of the University Network. By 1983, this network was broadcasting his sermons 24 hours a day via satellite to the United States and Canada, as well as to much of Mexico and the Caribbean. By 1990, his network was available to 180 countries, and by 1992 his sermons were being broadcast in several languages on AM, FM and shortwave radio. Drawing from nearly 30 years of recorded programming, Scott's radio, satellite and television ministry continues to be broadcast, although on different stations and at different times. Melissa Scott, his second wife from August 2000 until his death, is the successor of his ministry and President of the University Network.

# TEXAS RADIO SHORTWAVE

## Shortwave pirates

Many shortwave pirates are reported by North American DXers each month, particularly in the range 6850-6980 kHz. The NASWA Flashsheet and NASWA Journal are two excellent publications that contain comprehensive lists of pirate logs. Please see <https://www.naswa.net/> for further details. Another excellent website to refer to is HF Underground at <https://www.hfunderground.com/>

## YHWH

YHWH is a California-based religious pirate station that is widely heard in North America and is often mentioned on the World of Radio IO Group when it is active. It is heard irregularly on 7475 kHz with preaching in English.

# British DX Club

The British DX Club covers all aspects of broadcast DXing - from searching out distant or difficult-to-hear radio stations to listening to the major international broadcasters - on the shortwave, mediumwave and VHF/FM bands. We also have in-depth coverage of UK domestic radio developments as well as reports on alternative ways of listening to the radio such as through the internet and digital modes including DRM and DAB.

The club was founded in 1974 as the Twickenham DX Club and celebrated its 50th anniversary in 2024. From local roots came rapid expansion to become one of the major radio clubs in the United Kingdom. The more appropriate title of British DX Club was adopted in 1979. We now have a large UK-based membership as well as a substantial number of overseas members.

"Communication" is BDXC's monthly publication, typically of around 60 pages. The club is proud of the quick turnaround of "Communication" which is normally sent to members within a week of the contribution deadline each month. It is available by post as a handy A5 booklet, or by e-mail as a pdf file. Regular sections include:

- Logbooks - loggings sent in by members: Medium Wave Logbook (medium and long wave bands), Tropical Logbook (below 5.8 MHz), HF Logbook (5.8 to 30 MHz), "Beyond the Horizon" (FM and TV bands)
- DX News & Medium Wave Report: Developments in international broadcasting, frequency and transmission schedules, the exciting world of clandestine radio, listening tips, etc.
- UK News: Comprehensive roundup of UK broadcasting covering BBC, commercial and community radio, RSLs, Low Power AM stations, DAB, etc.
- Open to Discussion: BDXC's Mailbox - a forum for members to express opinions on radio-related topics.
- QSL Report: Reception confirmations received by members, plus tips on obtaining those elusive ones.
- Webwatch: a regular survey of web sites of interest to radio enthusiasts.
- Alternative Airwaves: Station logs and news about the ever-changing free radio scene.
- Broadcasts in English: A complete frequency-by-frequency guide to international broadcasts in English, in time order, including transmitter sites. Sent to members twice a year, usually in May and December, to cover the summer and winter schedule periods. It also includes a Guide to DX/Media Programmes.
